

Are you interested in making a difference in the health and well-being of individuals and communities? The You Thrive Training & Consulting, LLC team is growing! This vibrant consulting firm provides expert consulting services in the areas of behavioral health prevention, government and nonprofit leadership, and grants consulting.

Responsibilities in this role may include conducting prevention supervision services, prevention coalition coaching and technical assistance, prevention evaluation services, a broad array of leadership services, facilitating meetings and trainings, writing and/or editing grant applications, and working closely with public and nonprofit agencies in the behavioral health field. Even if you do not have all of these skill sets, you may consider applying anyway as projects assigned are based on individual skill sets with opportunities for mentorship and growth in additional professional areas. Additional requirements are listed below.

Independent Consultant Requirements:

- Degree in a relevant discipline and several years of experience in a relevant field or role required.
- Ohio Certified Prevention Specialist required; Ohio Certified Prevention Consultant preferred.
- Grant Professional Certified preferred.

- Exceptional written and verbal communication skills.
- Excellent report writing and presentation skills.
- Ability to manage workflow and time.
- Ability to work successfully independently, while also contributing to the success of the You Thrive team.
- A valid driver's license and reliable transportation.

This is not a position of employment and does not include a benefits package. However, perks include the flexibility to manage your own work hours in a team environment that stresses a healthy work-life balance. This is an opportunity for interested individuals to work as an Independent Consultant and is ideal for an individual who seeks their own autonomy and thrives in a working from home environment, with some travel, as needed. Interested individuals with no prior experience as Independent Consultants will be mentored by the You Thrive team to ensure solid business practices are implemented from the start of your consulting role.
